

# Don't know who's been accessing your narcotics?

## The Unicon CL20 electronic lock can tell you.

Control access to narcotics storage by assigning a unique ID to each authorized user and program locks to require one or two valid combinations in order to open. You also have the ability to retrieve audits, providing instant verification of lock opening and closing history. And, most importantly, eliminate lost, copied or misused keys.

The CL20 from Kaba Mas. Easy to install, operate and packed with some much needed know who.
